

3.5kVA Crommelins Petrol Generator P35E

This 3.5kVA Crommelins Generator is petrol powered and built with a roll frame. It's manufactured in Australia and will power most small equipment used in the agriculture, mining, construction, and hire industries.

This uni can be customised specifically to your needs. Some common specifications include Hire Pack, Mine Spec, and Electric Start.

At Macfarlane Generators we ensure every generator is ready to go as soon as it's in your hands. You won't need to add oil and you won't have any trouble getting going because we deal with that hassle for you! Every generator is ready for immediate use.
