## 5.9kVA Pramac Diesel Generator (P6000S)

P6000S is a super quiet generator producing 5.9kVA of power. It is the ideal generator for use in residential areas or outside normal working hours. Equipped with a reliable Yanmar diesel engine and first class components.

This  
**SUPER SILENT POWER**  
generator can also  
come with an optional  
2-wire remote  
start controller.

The 2WIRE-AS-1 remote start SmartGen Controller with the Pramac CONN remote control connector plug is suitable for remote start applications, for both standby and prime power. Utilising the SmartGen auto start controller, the control box offers digital display, plug and play functionality, and additional inputs. For standby applications, the control box comes complete with a built-in 12V automatic battery charger for the generator battery .

### FEATURES

- Low noise level
- Quiet operation – 57dB
- Electric Start
