

4.6kVA Portable Petrol Generator (WX5000)

Powerful product combining versatility and performance.

With low noise level, the WX5000 single phase petrol generator is ideal for use in residential areas or outside. It's equipped with a quality and reliable petrol engine made with first class components.

Powermate portable generators range: prompt power assistance to light up, tackle site jobs and property improvement works.

When not fixing up around the job site, your Powermate portable generator can be used for emergency power during a power outage.
