

3.2kVA Subaru Petrol Generator RGX3800

The 3.2kVA Subaru petrol generator comes standard with a 12.8L long range fuel tank, battery charging, heavy duty steel frame, and more.

It's imported from Japan and is designed for the hire, industrial, agricultural, building, construction, council, and mining industries.

The Subaru RGX generator series is ideal as a portable power source, emergency standby system, mobile emergency service, factory & plant, and maintenance.

AVR alternator systems also come standard to help prevent fluctuating power and create stable voltage for use when power is required for more sensitive equipment.

FEATURES

- Genuine Subaru industrial engine
- AVR Alternator system
- Fuseless circuit breaker
- Volt meter
- Oil sensor
- Made in Japan
- Long range fuel tank
- Single phase
- Recoil start
- DC output (12V - 8.3A)
- Silenced muffler
