

6kVA Yamaha Generator with Wheel Kit (EF7200EWHEEL)

The EF7200E provides serious full time power and offers 11 hours of operation without refuelling, has an electric starter for hassle-free start-ups and is capable of running most homes in an emergency situation (including taking on heavy load items such as fridges and air conditioners). It's also the perfect choice for any tradesman with enough power to take on almost any job.

- Digital multi-function metre display: Displays cumulative running time (hours) and voltage.
- Large capacity fuel tank
- High strength frame
- Compact body: Battery mounted inside frame
- Wax pellet type automatic choke
- Economy idle switch
- Brushless alternator
- AVR voltage regulator
- Auto decompression: automatically 'opens' exhaust valve slightly to reduce initial back pressure when starting, making manual starting effortless
- Electric starter
- Non-fused circuit breaker system shuts off engine before oil level is low - preventing engine damage, avoiding costly repairs, minimising downtime and enhancing long term durability
- Noise level suppressor
- Cast iron cylinder lining: optimal heat dissipation
- Transistor controlled ignition (TCI): provides clean, efficient spark ensuring fast and easy starting
- Low maintenance and reliable operation.
