4.5kW CROMTECH OUTBACK INVERTER GENERATOR (CTG4500iE)

POWERFUL | ECONOMICAL | COMPACT | QUIET

This new 4.5 kW Cromtech Outback Inverter Generator is the perfect power source for your power sensitive equipment while you are on the road camping, caravanning or working from home during a power outage.

With its pure sine wave technology, you can safely and confidently power most small household appliances, electronic devices and power tools. This model has a unique feature of a removable multi-function power pack used as the generators start-up battery and can easily be detached for use independently as a power bank, torch or even jump start a small vehicle. Also comes with a remote start or electric start making it easy to operate, even from up to 20m away - so you are always in control!

FEATURES

- Pure Sine Wave Technology
- Super Quiet - 55 to 60db at 7m
- 12 hours Continuous Running
- Eco Switch - adjusts output as load requires
- Low Oil and Overload Alarm
- Digital Display
