

7kVA Maxigen Portable Generator

This no-frills **7kVA Maxigen** Portable Generator is **custom designed and hand built** in-house at Macfarlane Generators, Melbourne. It's a single phase unit powered by a reliable **Japanese-made 12HP Kohler** petrol engine. It comes with recoil start and an Italian-made brushless NSM alternator.

This generator has been specifically tested and built for the **Australian environment**, both on site and at home. At a fraction of the cost of brand-name generators, this unit is a **cost-effective, no fuss** unit and is backed by Macfarlane's Pre-Delivery, a 12 month warranty, and servicing from the very people who built it.

This generator also comes in a trade pack option.
