

10kVA Subaru Portable Generator

This superior 10.0kVA single phase generator offers Subaru's V-Twin engine's renowned performance and reliability. The V-Twin delivers magical high power with smooth, reliable torque, improved breathing at high rpm, and low fuel consumption, compared to conventional side-valve engines.

The RGV range of SUBARU generators, coupled with their V-Twin engines offer a host of benefits. The RGV has outstanding durable reinforced and rugged structure with a strong frame construction. The large safety muffler achieves a markedly lower noise level equal to that of 5kw class. A large battery tray can carry a battery up to 260 x 170 x 205 mm (case size).

The RGV's reliability and low maintenance is ensured with the combination of high-performance Subaru OHV V-twin engine and weather-proof (IP23 level) alternator and a 3 Year Subaru engine warranty. Its easy operation electric start key-switch and starting motor located on the front control panel, an extra large long range 44L fuel tank ensures plenty of fuel for a day's work.

The RGV's Safety design features oil sensor and fuel shut-off solenoid valve and a fuse-less circuit breaker.

Features

- Electric Start
- HD steel frame
- 4 Wheel Kit
- AC Voltmeter
- AC Circuit breaker
- Oil sensor
- Extra large fuel tank with fuel gauge
- Dust proof cyclone air cleaner
- Large capacity silent muffler

Options

- Weather Proof Outlets
- Central Lifting Bar
- Earth Leakage Switch
- Circuit Breakers
- Earth Spike & Lead

- Fire Extinguisher
- Bunding
- Safety Stop
- Battery Isolator

Applications

- Powering electrical equipment
- Event Hire
- Rural Farms

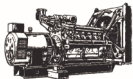

Industry

- Hire & Rental
- Mining & Oil
- Farm & Rural
- Backup Power
- Shires & Councils
- Government
- Medical

8.5kVA Crommelins Portable Generator

Specifications	
Model Number	RGV12100
kVA	10kva
Phase	Single
Fuel Type	Petrol
Starting System	E/Start & R/Start
Watts (w)	10,000w
Rated Output (w)	8000w
Alternator Type	Brushtype, self exciting, 2 poles
Voltage (V)	240v - 50hz
Voltage Regulation	AVR
Over Load Protector	Fuseless circuit breaker
Engine Make	Subaru
Engine Type	22.0hp EH65D
Engine Features	Air cooled, 4 stroke, V-Twin OHV petrol
Fuel Tank (L)	44.0L
Running Time (Rated Output)	8.9hr
Noise Level (dB @ 7m)	75db
Weight (kg)	149kg
Dimensions (LxWxH)	826x611x771mm
Manufacturers Warranty	2 years
Engine Warranty	3 years
